I, Newell A. Myers, certify that I am an officer of the affiliated companies named above (collectively and individually "Company"), and acting as an agent of the Company, that I have personal knowledge that the Company has established operating procedures that are adequate to ensure compliance with the CPNI rules of the Federal Communications Commission ("Commission"). See 47 C.F.R. § 64.2001 *et seq.*

Attached to this certification is an accompanying statement explaining how the Company's procedures ensure that the company is in compliance with the requirements set forth in section 64.2001 *et seq.* of the Commission's rules.

The Company has not taken any actions (proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission) against data brokers in 2009. The Company is not aware of any attempts by pretexters to access the CPNI of Company customers and thus has not had to take any actions against data brokers. The Company has taken steps to protect CPNI from unauthorized access and has described these steps in the accompanying statement.

The Company has not received any customer complaints in the past year concerning the unauthorized release of CPNI. The Company did, however, discover a single instance of a potential unauthorized release of CPNI that occurred on January 23, 2009, in which copies of wireless bills associated with a single business account were provided without proper verification of the requesting individual's authorization to receive such information. The case (DOJ FBI Case# 2009-1024445) was resolved on January 29, 2009, as a disposition report was provided by the Federal Trade Commission (FTC) stating that no further action would be taken.

I hereby certify that the statements contained within this certification and the accompanying statement are accurate, complete and in accordance with Commission rules.
